Contents: id INTEGER, title TEXT, link HYPERLINK, date TEXT, authorid INTEGER

Contents

ID	Title	Link to story	date	Author id
1	hi	hyperlink	9/10/11	1
2	hey	hyperlink	9/11/12	2

Summary:

Delegation of tasks and breakdown:

Nahi created the component map which correlates to the sitemap directly. The component map incorporates the pages and such to lead into the creation of the sitemap by Taejoon. In accordance with the component map and site map, Henry was able to visualize the database layout diagram. In this, he utilized tables to finish up on the layout.
